

LERE

PRIVACY POLICY

LERE Academy will be made available for young learners on Minecraft Education from ages 6 to 12. Older learners and students on Minecraft Java Edition (1.21.11) from ages 13 and up.

To ensure a safe and legally compliant digital classroom, LERE Academy is fully compliant with global data protection laws, including POPIA, COPPA, and GDPR.

We implement strict privacy safeguards across all our programs, ensuring specialized parental consent protocols for our younger learners and robust data security for our older students.

Because Minecraft Education utilizes secure, organisation-managed Microsoft 365 accounts, we fully protect learner privacy in accordance with:

- POPIA (Protection of Personal Information Act) – South Africa
- COPPA (Children's Online Privacy Protection Act) – United States
- GDPR (General Data Protection Regulation / Recital 38 for Children) – European Union & United Kingdom
